Hospitality

Why us?

Award winning solutions

No PC or software

Subscription-based service

User friendly

Clean interface

Off site data backup

The eTimesheet Lite is a complete Online Time and attendance solution. It enables you to keep record of registered users in the system (working hours, absence, holiday, sick-leave, rest time) besides monitoring entries and exits separately with no software installation required. An opportunity to integrate with diverse payroll software or even video systems ensures up-to-date information on your employees giving your geographical freedom through remote access from anywhere.

Key benefit of our solutions:

- Independent from local network infrastructure
- Totally mobile operation (GSM/GPRS)
- Automated services
- Integration virtual everything
- No server investment
- No software (simply log on from any web browser from anywhere)
- Management of multi-sites work in a single system
- Multi-language support
- Low operation and maintenance costs
- Integration with various camera system
- 5 function key
- Integration with payroll system
- RFID card/tag reader 13.56 MHz
- Up to 3000 User/Device
- Unlimited time log (Online), 2000 time log (Offline)
- Build-in 1500mAh battery
